**S**i de această dată, a fost ales spre prezentare un subiect incitant, care speran să stârnească interesul celor prezenti: „Ziua Internațională a Cărții și a Drepturilor de Autor – Cărțile interzise”.

Am pornit de la ideea că este un subiect destul de puțin cunoscut de public și, de aceea, vom face o treccere în revistă a principalelor cauze care au lăsat la interzicerea unor cărți și vom prezenta și cele mai ilustrate căruri de cărți cenzurate și de autori interzisi de-a lungul istoriei.

Încă de la apariția primelor cărți, acestea au suferit riguroase cenzuri drastice din partea Bisericii, la început, sau din puteri politice, rătunile fiind de ordin politic, religios, sexual sau social. Înșa originea expresiei „a pune în index” se află în celebrul și temutul „Index al cărților interzise” (Index liberorum prohibitorum) emis de închiziție la mijlocul secolului XVI. Această listă a cărților interzise a fost reinnoită aproape în fiecare deceniu și a fost publicată până în anul 1948, iar cărțile unor mari personalități ale culturii și persoanelor de cărți și Voltaire până la Simone de Beauvoir și Ferdinand Céline, au fost crescute pe lista neagră a cărților interzise.

Biserica Catolică a interzis cărți care trătau originea Universului, teoria heliocentrică, unele ale culturii române au fost întinute în umbră de re-

trică, scrise de Galileo Galilei și Giordano Bruno, sau cărji ale lui Martin Luther și Jean Calvin, care combateau dogmele catolice, și exemplele nu se opresc aici.

Secolul XX a fost marțorul unor atitudini de maximă intoleranță față de autori socotiti că încalcă dogmele politice, atât în jările URSS și jările satelite. Astfel, au fost interzisi autori renomăti ca Erich Maria Remarque, Erich Kästner, Thomas Mann, Klaus Mann, Alfred Döblin (în Germania nazistă), că și Boris Pasternak, Alexandr Soljenițin, George Orwell, Margaret Mitchell etc. De asemenea, în regimul comunist, de indată ce un scriitor emigra în Occident, cărțile lui erau interzise, este cauzul unor scriitori ca Ivan Bunin, Evgenii Zamiatin, Vladimir Nabokov, iar în România, Petru Dumitriu, Norman Manea, Petru Popescu, Ioana Crăciunescu, Nicolae Batoiu, Nina Cassian, Gabriela Melinescu, Herta Müller etc. Mari numeroși cărți române și de cărți ale culturii române au fost întinute în umbră de re-

gimul totalitar: Mircea Eliade, Emil Cioran sau Vintilă Horia fiind doar câteva dintre ele.

Pe lângă considerentele politice de interzicere a unor cărți, au existat și cărji care au fost interzise pentru că erau considerate obscene, libertine, excesiv de erotice. A fost cazul unor cărți devenite capodopere, începând cu cărțea poeziei de Charles Baudelaire și „Doamna Bovary” a lui Gustave Flaubert, în secolul XIX, și continuând cu celebrele romane ale secolului XX ca „Amanul domnei Chatterley” de H. D. Lawrence, „Loilita” de Vladimir Nabokov, „Ulise” de James Joyce, romanele „Tropical Racului” și „Tropical Capricornului” ale lui Henry Miller.

Indiferent de criteriile care au stat la baza interzicerii unor cărți sau autori, cititorii au reușit, în toate epociile, să „dejoace” intențiile cenzurii, astfel că majoritatea cărților interzise au ajuns, în cele din urmă, în măini iubitorilor de carte.

Toate acestea vor fi amplu-
